

## WELCOME

Welcome to the inaugural launch of the Human Origins Conference. Today we are setting a much needed historical precedent. The political, social and economic turmoil witnessed in our local and global communities in the past few years has had a profound effect on us all. It's causing us to ask bigger, deeper, more challenging questions. Questions like: Who are we? Where did we come from? We must focus on the Lost Knowledge of where we come from before we can truly understand the Ancient Wisdom of where we are going on the path of our everyday lives.

The Human Origins Conference represents a serious approach to sensitive issues while remaining dedicated to providing hidden and suppressed knowledge on various topics that deeply affect us all. Be it economic, political or interstellar, this annual conference event targets those profound questions and global mysteries, while aiming to actively inform the general public on the issues we are all facing together as we come to terms with our own past, present and immediate future.

Revealing the fascinating realms of Earth's cosmology, human origins, ancient history and lost wisdom, the Human Origins Conference carries a mission of sharing knowledge with the purpose of expanding the consciousness of humanity by presenting world-renowned researchers, writers and visionaries revealing such sensitive information.

Sponsored by the Cydonia Institute, the New Mexico UFO and Paranormal Forum and the UFOteacher Global Initiative, the Human Origins Conference 2019 has an outstanding lineup of speakers. Thank you for joining us on this very special journey.

## THANK YOU

We would like to thank everyone who supported us through what seemed like a never ending process of creating this event. Most of you do not know that this event is a not for profit event, and all of the money spent on the conference came from our pockets, ticket sales and a few donations which went directly into advertising, venue fees, equipment rentals and speaker fees. Richard and I did not receive a dime for our services and probably will never recover any of the funds we spent from our own wallet. Regardless, we did it because we truly believe in the mission to get the truth out there. We want to thank our supporters, our speakers and our exhibitors for this event.

Our exhibitors and sponsors: Harry Smith, Sheryl Arndt, Karen Larre of *Truly Alive Magazine*, Susan Zummo, Gloria Hawker, Celeste Celestial, Jovoc Jovoctial, Rod Velarde, Monte Yellow Bird, L.D. Porter, Bethany Paix, Chantal Fidanza, Aurelia Denby, Christina George of *Paranormal Connections Radio*, Greg & Omi Cannon of *Creep Geek Radio* and Gary Plapp of the *Los Lunas Dowsers Association*.

Our speakers: George Haas, Brad Olsen, Ken Johnston, Tammy & Anthony Chino, Jim Vieira, Stephen Popiotek and, last but not least, Alex Lipton. Alex is not only a speaker but also our Media Director. Without his help and support throughout this long eighteen month journey, we would not be here today. Lastly, many thanks to Brad Olsen. We truly appreciate you being our Master of Ceremonies this year.

Keep looking up, keep dreaming and keep looking for the truth. Our speakers for the 2020 Human Origins Conference will be announced this weekend at the conference!! Stay tuned... the adventure continues. See you next year at Human Origins Conference 2020, March 27 - 29, 2020.
